Ivan Amaro
Backend Developer - Data Science

Dr Chris Wirrig
Mentor - Biomedicine

The banner features the text "STOP COVID-19 HACKATHON" in yellow and white, with a network icon and the ConsenSys Health logo. Below the banner are four mobile phone screenshots of the dPlasma app. The first phone shows a "dPlasma" badge with two gold medals. The second phone displays the "Convalescent Plasma Program" interface for the NY Blood Bank Center, showing a large red and yellow plasma drop icon and buttons for "Collect Donation" and "Publish Inventories in the Blockchain". It also shows plasma bags with ratings A- and A+. The third phone shows a map of Manhattan with a location pin for the New York Blood Center. The fourth phone shows a registration form for a hematologist, asking for "Full Name" (Hemal), "Are you an accredited hematologist?", "City", and a "Register in the Blockchain" button.

HANDS-ON

Thank you!
